DCFS Unusual Incident Report

The Illinois Department of Children and Family Services has proposed an amendment to "Unusual Incidents" (89 Ill Adm Code 331). This proposed amendment affects providers who provide services to DCFS through a contract, grant or purchase of service (POS). This proposal places in a separate appendix the existing descriptions of incidents that require the filing of an unusual incident report and also adds several new types of incidents that must be reported. Therefore, this proposed appendix is intended to detail all types of incidents involving a State ward which requires DCFS staff, caregivers, service providers, private agencies, and contractors to submit an unusual incident report.
